

“knights of the blind in the  
crusade against darkness”  
Miss Helen Keller 1925

Lions Clubs engage with their local communities providing a service to improve the quality of life for many. Having a hands on role creates fun and fellowship which really encapsulates the spirit of being a Lion.

Across the British Isles and Ireland, Lions Clubs work in partnership with and support a wide range of organisations active in the community. We also assist our international community by working actively to help conquer blindness, provide youth with opportunities, respond to disasters and so much more.

Clubs all across the British Isles and Ireland support young people by recognising their efforts and providing them with opportunities to learn, achieve and grow. By encouraging, guiding and mentoring the young we are effectively investing in their future. To find out more about our Youth projects and how you can get involved please contact us.

WORK IN THE LOCAL COMMUNITY

TOGETHER WITH YOUTH

Lions Clubs International is recognised worldwide for its service to the blind and the visually impaired. Over £150 million has been raised and to date 818 grants totalling over £98 million have been approved for blindness prevention in 90 countries.

INTERESTED IN MEMBERSHIP?

The time members give to Lions depends mainly on their own personal circumstances and on the community service activities the Club undertakes. Each Club also organises a variety of social activities for members and their partners, which are always great opportunities for fun and developing friendships. Lions membership offers extensive opportunities for the kind of volunteer experience you desire to suit your life style.

Every pound raised by Lions Clubs International goes directly to charity, no percentage is taken for administration. As a Lion, you will make life better for others while enriching your own life in the process.

Interested in membership? Want to attend a meeting or service project to learn more? Give us a call and join over one million volunteers worldwide to become part of the pride.

pride in your  
community

## WHO ARE LIONS?

Lions Clubs International is the world's largest service club organisation. Lions are an international network of over 1.3 million men and women in over 44,000 clubs within 200 countries who work together through selfless, effective community service to answer the needs that challenge communities.

Lions are individuals who volunteer their time to humanitarian causes in their local and global communities, conducting and supporting vision and health screenings, building parks, awarding scholarships, assisting youth, providing help in times of disaster and much more. In the British Isles and Ireland, and the rest of Europe, Lions donate over 5.7 million hours and £88 million to humanitarian causes each year.

As a member of a Lions Club you become aware of the needs of your community and have the opportunity to make a difference. Each Club provides volunteers with project management experience, leadership training, personal development opportunities and organised fund raising programmes. Being a Lion empowers you to help others in a way that no one person could do alone.
